## Part 1

The data presented to you is a record of survey's taken in an organisation about job satisfaction. Please create a Power BI report using the data provided.

Your solution must include the following:

- Top 3 managers with the highest scores
- The dashboard must default to the latest month in the data, and automatically update each month
- Percentage of employees returning overall scores of 6 or lower

Please submit your responses to [kat.pastuszka@bcn.co.uk](mailto:kat.pastuszka@bcn.co.uk) within 48 hours.

A large, abstract graphic element occupies the right side of the page. It consists of several overlapping, translucent shapes in shades of teal, blue, and orange. These shapes are defined by thin white outlines and have soft, organic forms, resembling petals or leaves. The graphic is positioned in the lower half of the page, extending from the middle right towards the bottom right corner.
